The purpose of this memo is to inform you that all activities on Pooled Fund Project TPF-5(308) “The Use of Bridge Management Software in the Network Analysis of Big Bridges”, have been completed and its financial records reconciled. The project has now been closed on the Pooled Fund Website.

A FHWA Transfer Request Form FHWA-1575, should be submitted by the Lead State’s “Lead Agency Contact”, through the FHWA Office of the Chief Financial Officer (OCFO) to return any remaining balance of the funding contributions to each partner. The exact amount of funding that is to be returned to each partner, if any, can be found under the Un-Expended Funds column on the attached spreadsheet.

Should you have any questions regarding the results of the funding reconciliation and/or the attached spreadsheet, please contact the Lead State Contact, André D. Clover, Research Administrator for Michigan Department of Transportation. Mr. Clover can be reached at 517-636-6053 or via e-mail: [clovera@michigan.gov](mailto:clovera@michigan.gov).

I appreciate your contribution to advancing transportation technology through this research project and your participation in the Transportation Pooled Fund Program. You may contact David Pamplin, TPF Program Manager at (202) 493-3166 if you have any questions.
