

**TRANSPORTATION POOLED FUND PROGRAM  
QUARTERLY PROGRESS REPORT**

Date: Sept 30, 2022

Lead Agency (FHWA or State DOT): Indiana DOT

**INSTRUCTIONS:**

*Project Managers and/or research project investigators should complete a quarterly progress report for each calendar quarter during which the projects are active. Please provide a project schedule status of the research activities tied to each task that is defined in the proposal; a percentage completion of each task; a concise discussion (2 or 3 sentences) of the current status, including accomplishments and problems encountered, if any. List all tasks, even if no work was done during this period.*

<b>Project Title:</b> <b>Center for the Aging Infrastructure: Steel Bridge Research, Inspection, Training and Education Engineering Center – S-BRITE</b>			
<b>Name of Project Manager(s):</b> Tommy E. Nantung		<b>Phone Number:</b> (765) 463-1521 ext. 248	<b>E-Mail</b> <a href="mailto:tnantung@indot.in.gov">tnantung@indot.in.gov</a>
<b>Lead Agency Project ID:</b>		<b>Other Project ID (i.e., contract #):</b>	<b>Project Start Date:</b> 9/1/2013
<b>Original Project End Date:</b> 10/1/2015		<b>Current Project End Date:</b> INDEFINITE	<b>Number of Extensions:</b> None

Project schedule status:

On schedule       On revised schedule       Ahead of schedule       Behind schedule

Overall Project Statistics:

Total Project Budget	Total Cost to Date for Project	Percentage of Work Completed to Date**
<b>\$1,865,000*</b>	<b>\$1,208,840</b>	<b>90%</b>

**Quarterly** Project Statistics:

Total Project Expenses and Percentage This Quarter	Total Amount of Funds Expended This Quarter	Total Percentage of Time Used to Date**
<b>\$98,721</b>	<b>5.2%</b>	<b>90%</b>

\*Additional partners have joined S-BRITE and others have renewed participation, hence total project budget has increased.

\*\*Since end date has been extended, project percentages have been updated (estimates)

**Project Description:**

The objective is to develop the Steel Bridge Research, Inspection, Training, and Education Engineering Center (S-BRITE Engineering Center) focused on existing steel highway bridges. This National Center will be the first of its kind and will become the leading education, training, research, and engineering center related to all aspects affecting the existing aging steel bridge and structure inventory. Although the Center will be focused on highway bridges, it will also support stakeholders of steel railroad bridges as well as steel ancillary structures, such as lighting towers and sign supports. The Center will contribute to improved asset management decisions for DOTs, FHWA, and other partners relative to existing steel bridge inventory.

This impact will be realized through:

- Research
- Training
- Technical Support

**Progress this quarter (includes meetings, work plan status, contract status, significant progress, etc.):**

- Continued to provide DEN support to all partners;
- Continued to provide support to partners as related to the December 2021 FHWA Memo on T1 steel through a webinar on January 24;
- Offered training for TX DOT, FHWA
- Provided DEN support for Michigan, Texas, FHWA, and Arkansas.
- Planned training for Michigan DOT & Arkansas DOT

**Anticipated work next quarter:**

- Continue working performance testing efforts associated with FHWA T1 steel memo;
- Offer three S-BRITE classes for Michigan DOT.
- Obtain specimens fabricated from T1 Steel with defects which can be used for performance testing of inspectors to assist partner states in meeting the objectives of the December 2021 T1 steel memo.
- Work scheduling offerings of on-site training for other partner agencies;
- Continue with DEN support for all partners;
- Continue to work with DOTs to obtain items for bridge component gallery;
- Continue to develop final scope for field testing of Fort Pierre Bridge in SD to be done as special S-BRITE Task;

**Significant Results:**

1. Training of employees from several State DOT.
2. DEN support has provided solutions to various DOT problems.
3. S-BRITE research results are being disseminated

**Circumstance affecting project or budget. (Please describe any challenges encountered or anticipated that might affect the completion of the project within the time, scope and fiscal constraints set forth in the Agreement, along with recommended solutions to those problems).**

**Potential Implementation:**

S-BRITE continues to have tremendous impact and benefit for owners, designers, and fabricators of steel bridges. It is anticipated that significant support will be provided to the partner states as related to the FHWA Memo focused on NDT of T1 Steels.
