HRTM-10

Prepared By: Tricia Sergeson, PMP
TPF Program Manager, Office of Corporate
Research, Technology, and Innovation
Management
McLean, VA 22101

To: Tim Marshall
Division Administrator
Ames, Iowa

This memorandum is in response to the October 26, 2022, email from Chris Cromwell of your staff, requesting the waiver of the non-Federal funding match for State Planning and Research–Subpart B (SP&R–Subpart B) funds for TPF project solicitation number 1582, “Performance Centered Concrete Construction.” We understand that the Iowa Department of Transportation will be the lead agency for this project and Khyle Clute will be the lead agency contact.

The proposed study meets the criteria for use of SP&R–Subpart B funds used for research and development studies without non-Federal matching funds. The approval status will be reflected on the TPF website: www.pooledfund.org, which serves as the primary mechanism for communication regarding pooled fund studies.

Ms. Michelle Cooper, Transportation Specialist with the Office of Infrastructure R&D within the Office of Research, Development, and Technology will be the Federal Highway Administration’s (FHWA’s) technical liaison for this study. Ms. Cooper can be reached via telephone at 202-493-3691 or via email at michelle.cooper@dot.gov.

You may contact Tricia Sergeson at (202)493-3166 or patricia.sergeson@dot.gov if you have questions or need further assistance.
