

## Transportation Pooled Fund Program

<b>Project Title: Culvert Test Bed</b>		
<b>Project Manager and Phone Number:</b>  Rhonda Brooks, Research Manager (360) 705-7945	<b>Project No:</b>  	<b>Project is:</b>  <input type="checkbox"/> PLANNING <input checked="" type="checkbox"/> R&D
<b>Reporting Period:</b> January 2005 – June 2005	<b>Multi Year Project</b>  Yes	
<b>Description of Work Performed and Progress:</b>  The Fish Passage Partnership Steering Committee met in March 2005 to review the results of fall testing of juvenile fish passage at the Skookumchuck test bed facility located near Tenino Washington. Results of testing protocols and initial fish leaping trials were presented. A workplan for testing retrofitted culverts has been prepared by the Battelle Memorial Institute. The University of Washington and Washington State University are also planning hydraulics testing using the “one of kind” test facility in the summer and fall of 2005.  Funding for research continues to be a challenge and WSDOT will be seeking additional funding contributions from interested states later this year.		
<b>STATUS AND COMPLETION DATE</b>  Percentage of work completed to date for total project Project is: <u>50</u> %  <input checked="" type="checkbox"/> on schedule <input type="checkbox"/> behind schedule, explain:   Expected Completion Date: <u>                    2008                    </u>
