Mr. Kevin Ward
Division Administrator
Federal Highway Administration
3220 West Edgewood Drive, Suite H
Jefferson City, Missouri 65109

Dear Mr. Ward:

The Missouri Department of Transportation is the lead state for the pooled fund TPF-5(239). The original name of the pooled fund was “Accelerating Maintenance Innovation Implementation and Technology Across State Boundaries”. However, in developing the pooled fund the Technical Advisory Committee (TAC) members involved with the pooled fund have developed a more streamlined and direct name for the project that has already been changed on the Transportation Pooled Fund website.

I’m writing this letter to formalize the new name of “No Boundaries Roadway Maintenance Practices”. One of the states had requested this letter be sent to update the name change and can be used with their funding transfer request form for this project to their respective Federal Highway Administration Office for concurrence. A copy of this letter will be sent to each of the participating states.

If you have any questions, feel free to contact me at (573) 526-4328.

Sincerely,

Bill Stone
Research Administrator
