| Description of Work Performed and Progress:  |  |              |
|  |  |              |
| Project initialization has begun. A charter a more detailed schedule for Phase I and Phase II are being          |  |              |
| developed. An assistant project manager and technical lead has been hired to focus on this effort.               |  |              |
| developed. All assistant project manager and technical lead has been filled to focus on this effort.             |  |              |
|  |  |              |
| Work has begun determining what software is already available for translators, the first tool to be developed.   |  |              |
| The Bureau of Transportation Statistics has been contacted. They have a couple of translators developed as part  |  |              |
|  |  |              |
| of their efforts with Geospatial One-Stop and this translator is to be sent to Washington Department of          |  |              |
| Transportation for evaluation. Vendors have been contacted to provide information regarding off-the-shelf        |  |              |
| solutions and to determine what will have to be developed.   |  |              |
| r  |  |              |
| A  |  |              |
| A new solicitation to secure funding for Phase II will be developed and available before the end of this current |  |              |
| reporting period.  |  |              |
|  |  |              |
| This is a multi-year project and expected to consist of four phases  |  |              |
