TRANSPORTATION POOLED FUND PROGRAM QUARTERLY PROGRESS REPORT

Lead Agency (FHWA or State DOT): Iowa Department of Transportation

INSTRUCTIONS:

Project Managers and/or research project investigators should complete a quarterly progress report for each calendar quarter during which the projects are active. Please provide a project schedule status of the research activities tied to each task that is defined in the proposal; a percentage completion of each task; a concise discussion (2 or 3 sentences) of the current status, including accomplishments and problems encountered, if any. List all tasks, even if no work was done during this period.

Transportation Pooled Fund Program Project # <i>TPF-5(232)</i>	Transportation Pooled Fund Program - Report Period: Quarter 1 (January 1 – March 31, 2013) Quarter 2 (April 1 – June 30, 2013)				
	XQuarter 3 (July 1 – September 30, 2013)				
	Quarter 4 (October 4 – December 31, 2013)				
Project Title: Investigation of the Impact of Implements of Husbandry on Bridges					
Project Manager: Ahmad Abu-Hawash Phone: (515) 239-1393 E-mail: ahmad-hawash@dot.iowa.gov					
Project Investigator: Terry Wipf Phone: (515) 2949-6979 E-mail: tjwipf@iastate.edu					
Lead Agency Project ID: Other RT0360 Addm	Project ID (i.e., contract #): Project Start Date: 399 05/15/2011				
Original Project End Date: Curre 05/31/2016 5/31/2	nt Project End Date: Number of Extensions: 016				

Project schedule status:

•

${\sf X}$ On schedule	On revised schedule	Ahead of schedule	Behind schedule
-----------------------	---------------------	-------------------	-----------------

Overall Project Statistics:

Total Project Budget	Total Cost to Date for Project	Total Percentage of Work Completed
\$285,000	\$99,308.43	
		35%

Quarterly Project Statistics:

Total Project Expenses	Total Amount of Funds	Percentage of Work Completed
This Quarter	Expended This Quarter	This Quarter
\$6,219.41		3%

Project Description:

This project will seek to understand how implements of husbandry impact the nation's bridges. Further, tools for completing bridge rating with these vehicles in mind will be developed. Additionally, a generic posting vehicle will attempt to be developed. This generic posting vehicle will allow rating engineers to post bridges in such a way that the various types of vehicles will be covered.

Progress this Quarter (includes meetings, work plan status, contract status, significant progress, etc.):

A TAC meeting was held on 9/4/2013. During the subject quarter, we have created load distribution equations for all nonskewed bridges. These were presented to the TAC for their scrutiny. The results for dynamic load allowance were also presented and discussed at length with the TAC.

Anticipated work next quarter:

In the next quarter, we plan to create skew correction factors for the distribution factor equations.

Significant Results:

No significant results to report at this point in time.

Circumstance affecting project or budget (Describe any challenges encountered or anticipated that might affect the completion of the project within the time, scope, and fiscal constraints set forth in the agreement, along with recommended solutions to those problems).

Nothing to report.
