RE: The Evaluation of Low Cost Safety Improvements Pooled Fund Study

Dear Mr. Pamplin:

The Federal Highway Administration (FHWA), Office of Safety Research and Development is the lead for the pooled fund study TPF-05(317) "The Evaluation of Low Cost Safety Improvements Pooled Fund Study." This study develops reliable Crash Modification Factors and Benefit to Cost Ratios for new or unproven low cost safety improvements that are selected as high priorities by this pooled fund study's members.

The FHWA, Office of Safety Research and Development accepts the role of lead agency and agrees to receive, obligate, expand and manage contributions from participating agencies.

The Participating agencies are requested to submit a copy of this letter with their funding transfer request form for this project to their respective FHWA Division Office for concurrence. This is a continuation of Pooled Fund Study TPF-5(099).

Please contact Roya Amjadi, The Evaluation of Low Cost Safety Improvements Pooled Fund Study Manager at 202-493-3383 or roya.amjadi@dot.gov, if you have any question.

Sincerely,

Monique R. Evans
Director, Office of Safety Research and Development
