

Introduction

The objective of this meeting was for pooled fund participants to itemize their priorities from the Master Wish List in advance to the meeting. High priority items were then compiled and the pooled fund participants ranked this subset listing from high to low priority. Tasks were chosen for inclusion in the first pooled fund contract.

\$120K currently available. \$542K committed. Will set up contract for first \$120K and do amendment later as the remaining funds become available.

Present

- Minnesota – Rebecca Embacher, Curt Turgeon
- Missouri – Bill Stone, Dan Oesch
- Oregon – Chris Harris
- Pennsylvania – Sheri Little, Dan Clark
- California – Ebi Fini
- FHWA – Richard Duval
- Transtec – Jason Dick

Missing

- Connecticut
- Georgia
- Maine

Miscellaneous Notes

Items emailed prior to the meeting were covered first.

Agreed to remove the default file name when creating new projects.

Related to Ebi's request for chat support, we discussed real-time support. While people are not dissatisfied with the support desk, some problems need same-day support. When data is examined on a daily basis, contractors need same-day support.

A - Data Management

Pennsylvania. – A-06 and A-07 of interest. A-06 not a high priority but could see it becoming an issue eventually.

A-07 and A-11 were selected as high priority.

B - Mapping

Oregon – 7 – alignments are a bottleneck

Caltrans – 1, 6, 7, 8, 9

Minnesota – 1

1, 6, 8, 9 selected. 7 moved to C-02.

C - Filtering

C-02 selected.

Ebi and Rebecca both mention issues entering time for filters. Jason will discuss with Rebecca to get more details.

D - Spot Tests

1 and 2 both selected.

Pennsylvania and Missouri – 2 is the higher priority.

E - Analyses

1 – This is likely unnecessary and can probably be removed.

Interest in 4 and 5 but unsure how it work.

7 – Jason to discuss with George to determine if this was accomplished by the addition of the temperature spot test.

9 – Added per Ebi's request.

9 was selected.

F - Reporting

Printing is nice, but expensive but not necessary.

Added F-06 per Ebi's request to have customize reports (logo, signature, etc)

4 – Interest shown, but it's not known what this would cover.

4 and 6 selected

G - Misc

2, 7, and 8 selected.

H

1 - Oregon will talk to Transtec directly or Curt mentioned possibly adding this an additional task within the pooled fund contract?
