

U.S. Department
of Transportation

**Federal Highway
Administration**

Memorandum

Subject: ACTION: Close Out of Transportation
Pooled Fund (TPF) Project TPF-5(296),
“Simplified Standard Penetration Test
Performance-Based Assessment of
Liquefaction and Effects”

Date: October 22, 2020

From: Shana V. Baker
Director, Office of Corporate Research,
Technology, and Innovation
Management

In Reply, Refer To:
HRTM-10

To: See Addressees

The purpose of this memorandum is to inform you that all activities on project TPF-5(296), “Simplified Standard Penetration Test Performance-Based Assessment of Liquefaction and Effects” have now been completed and the project closed on the TPF website.

The lead agency contact, Utah Department of Transportation (DOT), should submit a Federal Highway Administration (FHWA) Transfer Request (Form FHWA-1575) through the FHWA Office of the Chief Financial Officer to return any remaining funding to each partner. The exact amount of funding that is to be returned, if any, to each partner can be found in the attached spreadsheet.

If you have any questions regarding the results of the funding reconciliation and/or the attached spreadsheet, please contact the lead agency contact, David Stevens, with Utah DOT. David can be reached at 801-589-8340 or via e-mail at davidstevens@utah.gov.

I appreciate your contribution to advancing transportation technology through this research project and your participation in the TPF Program.

You may contact Tricia Sergeson via telephone (202) 493-3166 or email at patricia.sergeson@dot.gov if you have questions or need further assistance.
