Administration

Memorandum

6300 Georgetown Pike
McLean, VA 22101

Subject: **INFORMATION:** Transportation Pooled
Fund Solicitation #1530 “Research Project
Tracking System”

Date:

From: Kelly Regal, Ph.D. *Kelly Regal*
Associate Administrator for Research,
Development, and Technology
McLean, VA

In Reply Refer To:
HRTM-10

Prepared By: Jack D. Jernigan, Ph.D.
Team Director, Office of Corporate Research,
Technology & Innovation Management
McLean, VA

To: Todd Jeter
Division Administrator (HDA-KY)
Frankfort, KY

This memorandum is in response to the April 30, 2020 e-mail from Ryan Tenges of your staff, requesting the waiver of the non-Federal funding match for State Planning and Research–Subpart B (SP&R–Subpart B) funds for transportation pooled fund solicitation 1530 “Research Project Tracking System”. We understand that the Kentucky Department of Transportation will be the lead agency for this project.

The proposed study meets the criteria for use of SP&R–Subpart B funds used for research and development studies without non-Federal matching funds. The approval status will be reflected on the Transportation Pooled Fund website: www.pooledfund.org, which serves as the primary mechanism for communication regarding pooled fund studies.

It is important to remember that the lead agency contact is required to report on the status of the pooled fund study on a timely basis. The contact should indicate when a contract is signed, and electronic copies of the quarterly and final reports and other relevant study documents should be posted on the website. By doing so, the lead agency will be fulfilling its obligation to provide information to its partners on the status of the project.

John Moulden, Manager, Research & Technology National Partnership Program in the Office of Corporate Research, Technology, and Innovation Management will be the Federal Highway Administration’s Technical Liaison for this study. Mr. Moulden can be reached via telephone at 202-493-3470 or e-mail: john.moulden@dot.gov. We hope that Mr. Moulden will have the opportunity to participate in the study activities as a technical resource to the project.

You may contact Jack Jernigan via telephone (202) 493-3363 or email at jack.jernigan@dot.gov if you have questions or need further assistance.
